C. POLICY

The WBLC follows a strict chain-of-command structure. Each level communicates only with the level directly above and is responsible for relaying information to the level below. This ensures organized, accountable information flow.

D. COMMUNICATION PATHWAY

Clubs must disseminate relevant information to their participants and appoint a representative to attend WBLC meetings.

Club Representatives are responsible for attending WBLC meetings and reporting back to their Clubs.

The OIC manages all game-related communications for officials. Timekeepers should direct gameplay questions to the Head Timekeeper, if one is designated.

E. ENFORCEMENT

Adherence to this policy is mandatory to ensure the timeliest sharing of information. While this policy is intended to streamline and encourage communication by explaining where to access information, violations of this policy may result in disciplinary action.

General inquiries are always welcomed at all levels.
