In the absence of any extraordinary circumstances or a conflict with the existing approved boundaries or proposed boundaries of any other LGB, Club, Association or Team, the Board shall ratify such boundaries as submitted.
- 1.04 If prior to the ratification of the proposed boundaries the Board becomes aware of any conflict with such proposed boundaries, the Board shall notify in writing each of the party requesting such ratification, and any parties with whom such proposed boundaries conflict.

REGULATION 9D – ENFORCEMENT OF OFFENCE / DEFENCE TACTIC IN MINOR LACROSSE

The purpose of this Regulation is to ensure that U15 and younger box lacrosse players are given full opportunity to develop their offensive and defensive skills. Abuse of the enforcement policy will not be tolerated by the ALA.

9D.01 The definition of a team using an offense / defence system will be when a team continuously incorporates a system in which a player, or players, are played on one end of the floor only. All players shall remain on the floor for both an offensive and defensive possession in each playing shift. A team will be deemed to have violated the policy if one or more players are found to be only playing in a defensive or offensive possession for more than one playing shift, or if a player, or players show a consistency of playing predominantly in only a defensive or offensive position during the game. The above only applies to all even-strength situations.

9D.02 At U15 and younger box lacrosse games only the ALA Coach Developer or Designate may be responsible for determining if a team is using an offense / defence system during the game.

The first infraction will result in the removal of the Head Coach for the remainder of the game, or the coach in charge of the bench if the Head Coach has previously been removed or suspended. If the violation occurs in the final period of the game, the Head Coach, or the Coach in charge of the bench, will be suspended for the following game. The second infraction during the season will result in the expulsion of the Head Coach, or the Coach in charge of the bench if the Head Coach has previously been removed or suspended, for the remainder of the season. The suspended Coach or Coaches and the club involved will be referred to the ALA Discipline Committee for further

REGULATION 12 – DISCIPLINE

Many people involved in lacrosse take on multiple roles, such as coaching, playing (both box and field), officiating, and administrative duties. Consequently, suspensions apply only to the specific role the individual was performing when the offense occurred. For instance, a suspension given to a box player does not affect their participation in field lacrosse, and a suspension for a coach does not extend to their role as a player. If an association deems the offense serious enough to require broader discipline (e.g., a suspension across all ALA-sanctioned lacrosse activities), they should request that the case be reviewed by the ALA Discipline and Appeal Committee.

- 12.01 Coach suspensions must be served on the team that offence occurred on and not permitted to coach on any other team until the suspension is fulfilled, unless the coach is suspended the last game of the season or has a suspension carrying over to the next season.
- 12.02 Coaches suspended in the previous season must serve the suspension on one team that the coach is assigned to in the following season.

REGULATION 12A – AUTOMATIC AND OTHER SUSPENSIONS (MINOR BOX)
