Motion: Add Jenn as Female Coordinator as a sub committee immediately- Heather/Jessica- Passed

My name is Jenn Marple, and I am excited to put my name forward for the Female Director position with Kamloops Lacrosse. Through my experience as a parent, team manager, and volunteer, I've seen just how much this organization shapes not only athletes—but confident, resilient young women. I'm interested in taking on this role because I care deeply about this community and want to give back in a meaningful way. I want to help ensure every player has a positive, inclusive experience, every family feels heard, and every coach and volunteer feels supported. I believe I can be an effective Director because I bring strong leadership, sound decision-making, and a commitment to working collaboratively. I understand the importance of listening to players, parents, coaches, and volunteers and I am prepared to help make decisions that support the long-term success of our association. Most importantly, I believe in building a strong, connected Lacrosse association—one that continues to grow and supports our kids both on and off the ice; one that offers transparency to our families; and one that ensures that what we say, is what we do. My goal is to help ensure Kamloops Lacrosse continues to be a positive, inclusive, and well-managed organization where players can develop their skills, build confidence, and enjoy the game. I would be honoured to earn your support and the opportunity to serve as a Female Director.

- Jessica get Ryan to update website and access to email.
- Thought for next year- Have a coordinator for each age group and be a liaison between age groups and the board- Glen to write up a job description for next meeting
- Budget sheet for field??
