THE FINAL STRETCH OF THE SEASON

As we move through the final weeks of the season, teams across LMHA are reaching different milestones in their hockey journey. Some teams have recently wrapped up their playoff runs and should be proud of the effort and dedication they showed throughout the season. Our younger divisions are also finishing their year with showcases and final games, celebrating the development and fun that make minor hockey so special.

At the same time, several LMHA teams continue their playoff runs as they compete for the opportunity to advance to Provincials. We wish them the best of luck as they represent our association and community.

Provincials are March 19–22 and March 26–29 across Alberta.

We look forward to cheering on the teams who earn the opportunity to compete.

Thank You, Doug Morphet

The Lethbridge Minor Hockey Association would like to extend a sincere thank you to Doug Morphet as he retires from his role as Ice Allocator after 10 years of service.

Doug has played an important behind-the-scenes role in helping our seasons run smoothly, dedicating countless hours to coordinating ice schedules for our teams, players, and coaches.

His time, commitment, and support of LMHA over the past decade have been greatly appreciated.

Thank you, Doug, for everything you have done for our hockey community.

We wish you all the best in retirement.
