

Memo

To: Parents and Guardians of U10 and U11 Players

From: Saskatoon Youth Soccer Inc. (SYSI)

Date: August 28, 2026

Re: Indoor 2026–27 U10 and U11 Divisional Structure

Saskatoon Youth Soccer Inc. (SYSI) is writing to confirm the divisional structure for the U10 and U11 age groups for the 2026–27 Indoor Season.

Following a review of projected registration and team numbers, SYSI will not offer separate U10 divisions this season. The existing U11 divisional structure will remain in place, consistent with the format used in previous indoor seasons.

This approach will help create viable divisions, support balanced competition and allow SYSI and its member Zones to provide appropriate playing environments based on the number and composition of registered teams.

Families do not need to take any additional action at this time. Further information regarding team formation, divisional placement and season scheduling will be communicated through your respective Zone as details are finalized.

SYSI appreciates the understanding and cooperation of families as we work with our member Zones to provide balanced, developmentally appropriate competition for all players during the 2026–27 Indoor Season.
