

Clifford “Duff” Slavin

1992 Inductee - Builder/Sportsperson Category

Mr. Clifford Slavin, is the true definition of what it means to be a builder of the game of softball. Clifford or better known as “Duff” was an instrumental piece in the development of our sport in the local, provincial and national levels.

Duff served on the Softball BC board of directors from 1970-1983 and was one of the first coaches to organize coaching clinics across British Columbia in 1970. As a Softball BC administrator, Duff oversaw numerous national championships across the country, while also acting as Softball Canada’s treasurer.

Duff was also a builder of the South Hill Sports Association from 1973-1987, under his leadership South Memorial diamond would be transformed into one of the best sports facilities.
